

Problem Categories

Approved Problems:

1. Lack of Eating Spaces
 2. No personalization
 3. Different way of using ceiling space & It's a place with a lot of history, but you wouldn't say that if you entered the building.
 4. Include friendly spaces and fun spaces
-
1. Noise
 - Tribuness, free spaces and meeting rooms having too many noises around them
 2. Space
 - Sometimes it's full but sometimes there is no one at all
 - How to prevent (single)people from claiming a big table on their own?
 - Can we create a division between noisy area and silent areas (silence coupe from train)
 - Can we make an online tool to show which tables are taken and which ones are free?
 - Lack of proper storage spaces
 - Lack of eating spaces
 - Outdoor elevators to help spacing in buildings
 3. Sustainability
 - Outside of the building there is a lot of green but inside it does not feel the same way
 - Trash is being separated but scarcely and not fully
 - Alternative device to the student card
 4. Lack of innovating technology
 - Security measurement, broken locks and solutions about security in general.
 - Missing sport spaces around campus
 - Newer technology for printing accessibility
 5. Office feeling
 - School in TQ looks and feels like an office. A lot of gray, white and brown. Lack of color
 - No personalisation
 6. Adaptability and Functionality
 - Adaptable spaces for different functions (ex. meeting rooms that convert into something else)
 - Balconies transformed into different kind of room and vice versa
 - Firefighters poles for easier traveling through the stories (fun concept)

- Sunshades per table/group instead of the whole side
7. parking problems
 - limited space
 8. Wayfinding
 - AR mapping to certain floors/tables
 - Missing campus transport service shuttles
 9. environment
 - Boring environment (lot of green nothing much to do)
 - Option to make an engaging connection between students and teachers - design walls together
 - Different way of taking ceiling spacing
 - Outlets hanging around in the air
 - Still using outdated whiteboards
 - It's a place with a lot of history, but you wouldn't say that if you entered the building.
 - Facilities like the balcony and roof terrace are hardly used.
 10. Accessibility
 - Insufficient access for people with disabilities
 - trains connections are really bad
 11. Emergency Preparedness
 - Lack of emergency exits
 12. Comfort
 - Lack of maintained restroom facilities
 - chairs suck
 - unstable tables
 - No canteen
